Follow the steps in the analysis in Figure Recall from Unit 16 that the price-setting curve shows the real wage consistent with employers maintaining investment at a level that keeps employment constant. Other theories include suggestions of derivation from a Celtic word meaning judgement, which seems

not to have been substantiated by any reputable source, although interestingly and perhaps confusingly the French for beak, bec, is from Gaulish beccus, which might logically be connected with Celtic language, and possibly the Celtic wordstem bacc- which means hook.
